

Twilight Forum

Be Safe in Cyberspace

- :: Help put a spotlight on cyber safety issues for children and young people
- :: Share insights, perspectives and concerns from the Ballarat, Central Highlands and Wimmera regions
- :: Discover how your organisation can get involved and benefit through related programs and research

Principals, teachers, parents, guidance officers, psychologists, IT managers, librarians, school liaison and community police officers are invited to participate in a twilight forum at the University of Ballarat Technology Park.

Panel members from industry, education and academia will provide a variety of perspectives on safety in cyberspace.

Register now to join in the discussion on how to assist children and young people in increasing their cyber safety skills.
